

Inga is having a hard time getting all of her lights to turn on in her sculptures. She sent you sketches of what she is working on so that you can help her!

Challenge: Make the sculpture and engineer a way to turn on all the lights! You can change any part of the sculpture to make the lights turn on. Don't forget to attach a battery to the circuit!

Sculpture #1: Cookie Sandwich

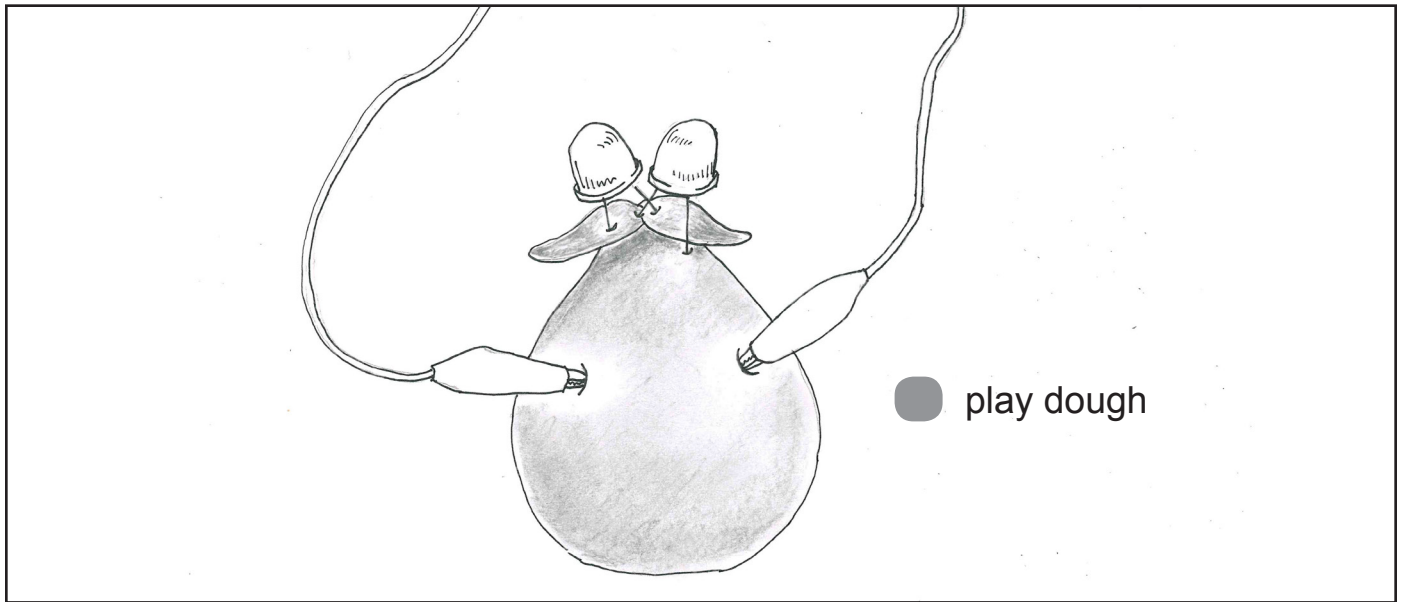

Plan: How are you planning on changing the sculpture to turn on the lights?
