

Request for Quotes

Overview

Washington Alliance for Better Schools (WABS) is requesting quotes for an independent local evaluator to complete all evaluation requirements for the 21st Century Community Learning Center Grant (21st CCLC) implemented in partnership with Marysville School District.

Evaluation Purpose

The purpose of the evaluation is to help determine the level of implementation, progress toward grant goals, and summative outcomes of an after-school program serving two elementary sites in Marysville School District.

Required Activities

- YPQI data collection via in-person site visits, two assessments per site, including scoring and reporting
- Data analysis of standardized assessment data
- Site-level focus groups and interviews
- Survey development and analysis
- Completion of an annual program evaluation due 11/1/2023
- Assist in development of program logic model

Required Credentials

- Evaluators will stay current regarding YPQI trainings in order to maintain the necessary qualifications.
- Collaborate with program staff to confirm the data collection processes and evaluation timelines that best meet the needs of the community and satisfy all grant requirements.
- Work with program leaders to determine program and evaluation goals aligned with the needs of the students and families being served.

Preferred Credentials

- Familiarity evaluating 21st Century Community Learning Centers grants in WA
- Highly-qualified researchers familiar with data collection, development of survey tools, and data analysis

Procedure

- Please submit a proposal including cost estimate and scope of work in response to this request no later than October 8th, 2021. Quotes should be submitted via email to april@wabsalliance.org
- Quotes will be evaluated and responded to no later than October 15, 2021.
